Mr. Frank Soto
Riley Recycling
2812 Commercial St.
San Diego, CA 92113

In reply refer to:
Application ID: 409145: carias

Dear Mr. Soto:

**Subject: Requirement to Enroll Under Industrial Storm Water General Permit,
Riley Recycling**

Pursuant to California Water Code (CWC) Section 13399.30, you are hereby notified that Riley Recycling is required to enroll under Order No. 97-03-DWQ, National Pollutant Discharge Elimination System (NPDES) General Permit No. CAS000001, *Waste Discharge Requirements (WDRs) For Discharges of Storm Water Associated with Industrial Activities Excluding Construction Activities*. Order No. 97-03-DWQ (Industrial Storm Water General Permit) was issued by the State Water Resources Control Board on April 17, 1997 and is enforced locally by the California Regional Water Quality Control Board, San Diego Region (San Diego Water Board). Our records indicate that coverage under the Industrial Storm Water General Permit for your facility located at 2812 Commercial Street in San Diego is mandatory, and that you were notified of your requirement to enroll by the City of San Diego on September 7, 2010.

The Industrial Storm Water General Permit is an NPDES permit that regulates discharges associated with 10 broad categories of industrial activities. This permit requires the implementation of management measures that will achieve the performance standard of best available technology economically achievable (BAT) and best conventional pollutant control technology (BCT). The Industrial Storm Water General Permit also requires the development of a Storm Water Pollution Prevention Plan (SWPPP) and a water quality monitoring plan. Through the SWPPP, sources of pollutants are to be identified and the means to manage the sources to reduce storm water pollution are described. The permit requires that an annual report be submitted each July 1.

For more information regarding the Industrial Storm Water General Permit, please see our website:

http://www.waterboards.ca.gov/water_issues/programs/stormwater/industrial.shtml

California Environmental Protection Agency

01-01-11

Enclosed with this letter please find a copy of the Industrial Storm Water General Permit and associated forms. To apply for coverage under the permit, you must submit a Notice of Intent (NOI), which is included in the packet. Within thirty days, please submit a completed NOI, a site map of the facility, and the application fee of \$1008 made payable to "State Water Resources Control Board." All materials must be sent to the following address:

State Water Resources Control Board
Division of Water Quality
Attn: Storm Water Section
P.O. Box 1977
Sacramento, CA 95812-1977

Failure to seek coverage could result in a mandatory minimum penalty of not less than \$5000 per year of noncompliance pursuant to CWC sections 13399.30 and 13399.33.

In the subject line of any response, please include the requested "In reply refer to:" information located in the heading of this letter. For questions pertaining to the subject matter, please contact Christina Arias at (858) 627-3931 or carias@waterboards.ca.gov.

Respectfully,

DAVID T. BARKER, P.E.
Supervising Water Resource Control Engineer
Surface Waters Basins Branch

Re: Industrial and Commercial Storm Water Compliance Inspection of RILEY RECYCLING

Inspector Name: Brian Nemerow

Date: 9/7/2010

Time: 11:00:00 AM

Business Name: RILEY RECYCLING

Address: 2812 COMMERCIAL ST
SAN DIEGO, CA 92113

Telephone: (619) 710-4815

Responsible Person: Frank Soto

Principal Activity: RECYCLING YARD W/DISMANTLING

SIC Code(s): 4953

NAICS Code(s): 562920

Receiving Water Body: Chollas Creek,N

Watershed: San Diego Bay: Pueblo, which drains to San Diego Bay

Subjectivity to the General Industrial Permit: Mandatory **WDID#:** No WDID, see notes

Inspection Result: Full Inspection

Business Corrective Actions

- Keep site free of litter, debris, and sediment using dry methods (Inspector comment: Sediment, front&back driveways)
- Equip liquid storage containers with secondary containment (Inspector comment: Gasoline drum)
- Provide storm water training for appropriate employees
- Develop a written plan for identifying appropriate best management practices (BMPs) and describing proper implementation, including a written spill prevention and response plan. This should also include an inventory of hazardous materials if any are stored on site.
 - You can find the City's minimum BMPs at <http://www.sandiego.gov/stormwater/pdf/jurmpapp10.pdf> -Printing this document and signifying which BMPs are applicable to your site will successfully meet the "identify and describe appropriate BMPs" requirement.

Specific Action(s) Required by the Business to Comply with the Requirements of the General Industrial Permit

This facility was observed to be in violation of the State of California Industrial Storm Water General Permit. Implement the following corrective action(s) to comply:

- File a Notice of Intent (NOI) with the State Water Resources Control Board (SWRCB) to obtain coverage under the Industrial Permit.
- Develop and implement a Storm Water Pollution Prevention Plan (SWPPP).
- Develop and implement a storm water monitoring program.

Follow Up Inspection Priority: Priority 2, which is a medium priority for follow up
